IX. COMMENTS FROM BOARD MEMBERS

X. ADJOURN

Upcoming meeting dates:

November 14, 2022, 5:30 p.m., Ft Craig Media Center

December 12, 2002, 5:30 p.m., Ft. Craig Media Center

Maryville City Board of Education

Monitoring: Review: Biennially, in August	Descriptor Term: Promotion and Retention	Descriptor Code: 4.603	Issued Date: 10/17/22
		Rescinds: 4.603	Issued: 07/08/19

1 *General*

2 All promotion and retention decisions shall be made on a case-by-case basis and comply with state and
3 federal law. All decisions shall be made in consultation with a student's IEP and/or 504 team, if
4 applicable.¹

5 Students who have difficulty in achieving the requirements for promotion may be considered for
6 retention. Schools shall identify these students by February 1st. Factors used to identify students for
7 retention shall include:²

- 8 1. Ability to perform at the current grade level;
- 9
- 10 2. Results of local assessments, screening, or monitoring tools;
- 11
- 12 3. State assessments, as applicable;
- 13
- 14 4. Home Literacy Reports;³
- 15
- 16 5. Overall academic achievement of the student;
- 17
- 18 6. Likelihood of success with more difficult material if promoted to the next grade;
- 19
- 20 7. Attendance record; and
- 21
- 22 8. The student's maturity.

23 Students may be identified for retention after the February 1st deadline if the delay in identifying a
24 student is due to:

- 25 1. Lack of instructional availability; or
- 26
- 27 2. Additional information acquired after results of local assessment, screening, or monitoring are
28 released.

1 **PROMOTION PLANS⁵**

2 When a student is considered for retention, the student's parent/guardian shall be notified within
3 fifteen (15) days, and an individualized promotion plan shall be developed to help the student avoid
4 retention. The plan shall be developed in coordination with the student's teachers, IEP or 504 team, if
5 applicable, and may also include input from the student's parent(s)/guardian(s), school counselor, or
6 other appropriate school personnel.

7 Promotion plans shall incorporate evidence-based strategies, including expectations and measurements
8 that will verify whether a student has made sufficient progress to be promoted to the next grade level,
9 and be tailored to the student's learning needs. Promotion plans for students in third grade will include
10 additional requirements for promoting students in this grade. A copy of the plan will be provided to the
11 student's parent(s)/guardian(s), and the school shall offer the opportunity for a parent-teacher
12 conference to discuss the plan. If a student is not making progress on the promotion plan, then the
13 strategies shall be modified. Parent(s)/guardian(s) shall be provided with any changes to the promotion
14 plan.

15 A student who demonstrates sufficient academic progress according to his/her promotion plan shall be
16 promoted to the next grade level unless retention is required per additional requirements for students in
17 third grade.⁶

18 If a student has not demonstrated sufficient academic progress according to his/her promotion plan by
19 the end of the school year, the student shall be eligible to enroll in a summer reading or learning
20 program, if available. Parent(s)/guardian(s) shall be notified of a decision for retention at least ten (10)
21 calendar days prior to the start of the next school year if the student was enrolled in a summer program.
22 However, if the student wasn't enrolled in a summer program, the parent(s)/guardian(s) shall be
23 notified of a decision for retention at least thirty (30) calendar days prior to the start of the next school
24 year.⁷

25 **RETENTION⁶**

26 A student may be retained when such retention is in the best interest of the student or when retention is
27 required per additional requirements for students in third grade. However, a student shall not be
28 retained more than once in any grade.

29 If a student is retained, the Director of Schools/designee shall develop an individualized academic
30 remediation plan within thirty (30) calendar days after the beginning of the next school year. A copy of
31 the plan shall be provided to the student's parent(s)/guardian(s) within ten (10) calendar days of its
32 development. The plan shall include at least one of the following strategies:

- 33 1. Adjustment to the current instructional strategies or materials;
- 34 2. Additional instructional time;
- 35 3. Individual tutoring;
- 36 4. Modification to the student's classroom assignment to ensure the student receives
- 37 instruction from a highly effective teacher; or
- 38 5. Attendance or truancy interventions.

*Decision of Retention – Third Grade*⁹

Third grade students shall not be promoted to the next grade unless they are determined to be proficient (i.e., receive a performance level rating of “met expectations” or “exceeded expectations”) in English language arts (ELA) based on the student’s most recent TCAP test.

For third grade students with disabilities, retention and promotion decisions shall be made on a case-by-case basis and in consultation with the student’s IEP and/or 504 team to determine whether the student’s performance on the ELA portion of TCAP was due to the student’s disability. The school district shall not retain a student with a disability or a suspected disability that impacts their ability to read.¹⁰

Students who are not proficient in ELA may still be promoted if the following conditions are met:

1. A student in third grade receiving a performance level rating of “approaching expectations” on the ELA portion of the student’s most recent TCAP test may be promoted if:
 - a. The student is an English language learner and has received less than two (2) full years of ELA instruction;
 - b. The student was previously retained in grades K-3;
 - c. The student is retested before the next school year and scores proficient in ELA;
 - d. The student attends a learning loss bridge camp before the next school year, maintains a ninety percent (90%) attendance rate, and demonstrates adequate growth on the post-test at the end of the camp; or
 - e. The student receives tutoring for the entirety of the next school year in accordance with state law.
2. A student in third grade receiving a performance level rating of “below expectations” on the ELA portion of the student’s most recent TCAP test may be promoted if:
 - a. The student is an English language learner and has received less than two (2) full years of ELA instruction;
 - b. The student was previously retained in grades K-3;
 - c. The student is retested before the next school year and scores proficient in ELA; or
 - d. The student attends a learning loss bridge camp before the next school year, maintains a ninety percent (90%) attendance rate, and receives tutoring for the entirety of the next school year in accordance with state law.

PROMOTION AND RETENTION – GRADES 9-12

Each student is a member of a cohort group determined by the year they entered 9th grade. Students will progress through grades 9-12 with their cohort group. Those not meeting graduation requirements at the end of the eighth term will be retained as a 12th grader.

APPEALS^{7,11}

For students where retention is required per the additional requirements for students in third grade, parent(s)/guardian(s) may appeal this decision directly to the Department of Education in accordance with state law.¹²

For all other grade levels, when a student is identified for retention, the parent(s)/guardian(s) shall be notified about the decision to retain the student and provided with information on the right to appeal the decision. Appeals shall be made to a committee appointed by the principal within five (5) days. The student and his/her parent(s)/guardian(s) shall be provided written or actual notice of the appeal hearing and shall be given the opportunity to address the committee. The committee shall conduct a hearing within ten (10) business days to determine if the student will be promoted.

Upon notification of the committee decision, the principal shall send written notification to the Director of Schools/designee and the parent(s)/guardian(s). The notification shall advise parent(s)/guardian(s) of their right to appeal such action within five (5) days to the Director of Schools/designee. The appeal shall be heard no later than ten (10) business days after the request for appeal is received.

Within five (5) business days of the Director of Schools/designee rendering a decision, the student's parent(s)/guardian(s) may request a hearing by the Board, and the Board shall review the record. Following the review, the Board may affirm or overturn the decision of the Director of Schools/designee. The action of the Board shall be final.

DAKTRONICS QUOTE # 747813-2-3

Leasing Program

If your purchase exceeds \$25,000, you may qualify for our leasing program allowing you more flexibility to spread out the cost of your Daktronics display over of a period up to five (5) years. Benefits of our leasing program include fixed rate financing, non-appropriation clause, no prepayment penalty, and customizable payment schedules. Plus, at the end of the lease, the equipment is yours to keep with no additional balloon payments.

Sample payment options as follows:

\$50,000 in total equipment cost = \$10,700 per year

\$100,000 in total equipment cost = \$21,199 per year

\$250,000 in total equipment cost = \$52,899 per year

Payments based on 5 year/annual payment in advance structure. **Leasing is subject to credit approval and agreed upon documentation with Daktronics lending partner. Contact your Daktronics representative for additional options and details.

Exclusions:

- | | |
|--|-----------------------------|
| - Foundation | - Power |
| - Hoist | - Engineering Certification |
| - Signal Conduit | - Applicable Permits |
| - Electrical Switch Gear or Distribution Equipment | - Front End Equipment |

Unless expressly stated otherwise in this Quote # 747813-2 Rev 3 or the attachments, if Daktronics performs installation of the Equipment, the price quoted does not include the following services pertaining to physical installations: digging of footings (including dirt removal), any materials fabrication, installation of steel cages, rebar, or bolt attachments, or pouring and finishing of concrete footings. Those service may be provided for an additional cost beyond the quoted price. Purchaser shall be fully responsible for any and all additional costs plus overhead in the event anything unexpected of any nature whatsoever is found while digging the footings including but are not limited to rock, water, utility lines, pipes or any other unforeseen circumstance. The Purchaser acknowledges and agrees that it is fully responsible for all site conditions.

Prices and charges are subject to change by Daktronics at any time before the final agreement between the parties is effective. Ship Date will be determined after customer purchase order is received or agreement is signed or otherwise effective, shop drawings are approved (if required) and down payment is received (if required).

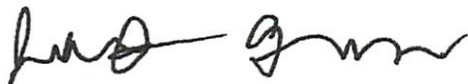

Installation Responsibilities:

If applicable please reference Attachment A for Installation Responsibilities.

Ad/ID Copy Approval Process

Customer shall provide digital artwork for advertising and identification panels, conforming to [Daktronics' graphic file standards](#), at the time of order.

Daktronics will create a proof of provided artwork and require approval of that proof three weeks prior to the initial anticipated ship date. Advertising and identification panels not approved in time, will be shipped without copy in Daktronics' standard finish.

CUSTOMER RESPONSIBILITIES

General

- 1) Secure necessary sign permits, as required.
- 2) Secure necessary construction permits, as required.
- 3) Customer is responsible to ensure the existing structure/building is adequate, including any necessary modifications, for the installation of the Equipment, including but not limited to (i) obtaining certified engineer drawings to the extent required by law and (ii) providing Daktronics, upon reasonable request, documentation relating to the existing structure and modifications necessary for Daktronics perform its work.
- 4) Mark location of the new Equipment as delineated in the quote.
- 5) Provide all landscaping, track, sidewalk and path protection along with site restoration, and/or sprinkler system repair work.

Structures

- 1) Paint existing support structure.

Electrical & Data

- 1) Provide primary power feed five (5) feet off grade on structure in the form of transformer and electrical disconnect/distribution panel, as applicable, with over current protection per all applicable electrical codes and regulations.
- 2) Provide and install signal cable conduit, with pull string, from control location to each outdoor Equipment location to five (5) feet off grade on structure.

Product/Equipment

- 1) Provide storage of all Equipment and control equipment in a safe, dry, and secure location until installation.
- 2) Provide high speed internet connection to control room equipment.
- 3) Required power outlets on clean dedicated circuit(s) for all control equipment.

DAKTRONICS RESPONSIBILITIES

General

- 1) Removal and disposal of existing equipment.

Structures

- 1) Steel fabrication and erection of sub-structure for Equipment mounting.
- 2) Paint new support structure provided in this quotation.

Electrical & Data

- 1) Provide secondary power conduits, power cable and power hook-up from five (5) feet off grade on structure to all Daktronics supplied load centers/termination panel at/within the Equipment.
- 2) Provide and install signal cable conduit, with pull string, from five (5) feet off grade on structure to each outdoor Equipment signal termination point.
- 3) Labor to pull all new signal cable (and remove existing cable, if required).

Product/Equipment

- 1) Accept, lift, unload, and inspect all Equipment and control equipment from carrier.
- 2) Lift and mount Equipment listed in this quotation.

QUALIFICATIONS/CLARIFICATIONS

- 1) **Access:** Daktronics requires unobstructed access to Equipment and control room installation site until display is 100%. Installation equipment (cranes, lifts, trucks, concrete trucks, etc.) are expected to have access directly to the scoreboard/structure location. No concrete pumping, concrete buggies, or crane picks over 10' distance from scoreboard structure are included.
- 2) **Control Room Climate:** Normal operating temperature should be between 40° to 90° Fahrenheit (4° to 32° Celsius). Normal operating humidity should be less than 80% non-condensing. Storage temperature should be between -10° to 105° Fahrenheit (-23° to 41° Celsius). Storage humidity should be less than 95% non-condensing. Keep computers and monitors out of direct sunlight during storage. Allow control equipment taken out of storage to return to operating temperature range prior to turning it on (24 hours recommended).
- 3) **Electrical:** The maximum voltage is 120 volts line to neutral for all Equipment in this quotation.

DAKTRONICS QUOTE # 747813-2-3 MAIN ATTACHMENT A

- 4) **Building Penetrations:** Customer to provide all required building (wall/roof) penetrations for the installation of Daktronics provided wireless bridge and/or scoring console radio transmitter components at the control location. Mount Daktronics provided wireless bridge and/or scoring console radio transmitter components to the building in accordance with manufacturers recommendations. Building penetration location shall provide clear line-of-sight to the Equipment. Provide all conduit, with pull string, from control location equipment to the building penetration location.
- 5) **Existing Conduit:** Costs to repair or replace damaged or obstructed conduit have not been included in this quote.
- 6) **Damages and Wages:** Liquidated damages, prevailing wages, certified payroll or union labor have not been included in the installation pricing.
- 7) **Structure Certification:** Daktronics structure certification is limited to the new attachment structure provided in this quote to mount the Equipment to the existing structure. Customer is responsible for determining the existing column and foundations or wall is adequate to support the new associated loads for all the Equipment in this quotation.
- 8) **Exterior Equipment:** The bottom of the Equipment will be placed at an elevation similar to the existing equipment of approximately ten (10) feet above grade.
- 9) **Access:** Installation price is based on having access to install from the field due to the electrical lines behind the scoreboard structure. Customer will be responsible for all necessary surface/turf protection.
- 10) **Existing Structure:** Customer will be responsible for certifying the existing structure to support the proposed Equipment. Customer will be responsible for providing and installing any additional structure bracing/reinforcement as determined by the certification process.

Daktronics has only included product attachment sub-structure, no structure reinforcement of any kind has been included in the installation price. Any certification by Daktronics will be limited to the attachment of the product attachment sub-structure to the existing structure.
