Last Revision:

The minimum non-resident tuition rate shall be determined by dividing the previous year's city budget allocation by the number of resident students. Children of city employees shall be fixed at 50% of the non-resident tuition rate per year.

Tuition payments are due by the second Friday of each term. Two payment options are available. Option 1 is to pay in full at the beginning of the school year. Option 2 is to pay one half of the tuition in term one and the other half in term two. Regardless of the payment option selected, a five percent discount will apply to payments received by the first Friday of each term.

The student's tuition status will be revoked if payment is not received by the due date.

Refunds are available on a daily prorated basis for withdrawals occurring up to six weeks before the end of the term - after which refunds are not issued for withdrawals.

Tuition payments for students starting in the middle of the term are prorated by day until the end of the term and are payable on the first day of class.
